NO BIG STRIKE NOW EXPECTED IN RUSSIA

It Is Believed Calmer Minds Will Prevent Violence.

PARTY CLANS' SECRET SESSION

Dissolution of Parliament Was Received Quietly and With Almost an Entire Absence of Outward Demonstrations.

St. Petersburg, June 18.—The chances of a proclamation of a general strike in answer to the government's coup d'etat are steadily lessening. The question is now under discussion at a secret conference of the central committtee of the social democrats which is being held in Finland, but a strong current of opposition is known to prevail, not only on the part of the medorate leaders, but also among the adherents of the radical majority.

A fraction of the Moderate urged that the government is now so strongly entrenched that a strike would be futile and only weaken the prestige of the party and the rank and file of the industrial proloetariat generally in a series of reprisals and immense pecuniary losses.

The conference, which is attended by al the members of the lower house who have not been addressed, probably will content itself with issuing a series of proclamations addressed to the peasantry, the army and navy and the workingmen accusing the government of violating faith with the country by altering the election law in defense of imperial pledges and appealing to the masses to continue to fight to overthrow the existing regime.

The social revolutionists at a conference declared against the proposed strike and appointed a committee to draft an address to the peasantry, the army and navy and the workingmen. The National Socialist and group of toil members are also contemplating the issuance of notices to their constituents.

Telegrams from practically every city in the empire announce that the news of the dissolution of parliament was received quietly and with almost an entire absence of demonstrations. Even at Odessa and Kiev no disturbances occurred. The prefect of police of Kiev issued orders that no demonstrations by revolutionists be allowed, and that no public discussion of the dissolution of parliament be permitted.

The course of General Dracheffstao, the prefect of police of St. Petersburg, in prohibiting the hostile criticism of the government, was followed almost universally by the governor generals throughout Russia, completely muzzling the Liberal press.

Railroad Merger.

New Haven, Conn., June 18—Steps are to be taken almost immediately by the New York, New Haven and Hartford Railroad company for the merger with itself of the Poughkeepsie Bridge system of railroads, which includes the Central New England and its subsidiary lines, now under the New Haven corporation's control. The New England and Poughkeepsie Bridge system has besides a bridge, a total track mileage of 256 miles, and a total capital stock of $10,714,000.

Probably Fatal Auto Accident.

Sanbournville, N. H., June 18.—In an automobile accident Sunday night three persons were propably fatally injured. They are Dr. Ben Hicks Metcalf, Head of Metcalf's hospital, Winthrop, Mass.; Mrs. Metcalf and Mrs. Churchill, matron of the Metcalf hospital. The automobile plunged over a high embankment, buring its occupants underneath.

Saw Body Floating in Sea.

Fort Monroe, Va., June 18.—Captain Muney, of the steamer Washington, which arrived from Washington to Old Point Comfort Monday, reports having seen the body of a midshipman floating in Hampton Roads off Thimble Light. Three launches were sent to Thimble Light

WILLIAM THOMAS ON TRIAL FOR LIFE FOR KILLING OF MAXEY SCOFIELD

Court convened at 9 o'clock Tuesday morning, persuant to adjournment of previous day, when the work of procuring a jury to try the case of William Thomas, charged with the murder of Maxey Scofield, was proceeded with.

One after another peremptory challenges were exercised by the State and defense, until when the twelve men had been selected and accepted by both sides the State had exhausted its ten challenges and the defense had one remaining challenge left.

The jury, as finally empanelled, is as follows: J. Benton, N. Strickland, W. R. Brice, Thos. Rogers, D. A. Prevatt, H. J. Bailey, D. G. Roland, M. E. Jolly, Z. M. Sanders, C. N. Merry, O. A. Wiggins, John W. Harris.

The jury was sworn and placed in charge of the bailiff a few minutes to twelve o'clock, when an adjournment was taken until 2 o'clock p. m., Miss Eloise Haile having been sent for to take the testimony.

Afternoon Session.

Promptly at 2 o'clock Judge Wills reconvened court, and the taking of testimony was begun.

Frank Hodder was sworn by the State, and in effect testified as follows: Witness and Maxey Scofield were passing defendant's house on Sept. 24th, 1906, when the latter called to Scofield and said to him that his men had hauled some of his (Scofield's) ties by mistake and placed them on his pile, but as soon as the teams were hitched up after dinner he would have them hauled back to Scofield's pile. The latter replied that was all right, but that he understood he (Thomas) had accused him of stealing his ties, and that if he or any other man said he had stolen ties he was a d—— liar. Thomas replied that he had not accused him of stealing ties, that if he would not respect him to respect his family; to go away, as he did not wish to have any trouble with him. Scofield told Thomas to get his gun and go home with him and they would settle it. Thomas replied that he would not go anywhere, and started into the house, whistling. Witness then turned and walked off and asked Scofield to come on; the latter replied he was not going anywhere. After the witness had proceeded a few steps he heard the report of a gun, but did not turn his head to see what had happened, nor did he quicken his pace, but proceeded on to Fowler's store. When he last saw Scofield he had his right hand on the gatepost. Witness did not see any pistol in Scofield's hand when he turned away from him. It took considerable questioning on the part of Judge Carter, leading counsel for the defense, to draw out certain testimony from the witness.

Hubert Simmons

Was next sworn by the State. In the main his testimony corroborated that of Mr. Hodder. He was a little more explicit, however, about the language used by Scofield, etc., and said when Thomas appeared at the door with his gun he said: "Here she is, Maxley, take a good look at her." Thomas then fired and Scofield fell to the ground. He said Scofield's pistol was protruding from his right hand breeches pocket (not hip) when he saw him on the ground.

Henry Lancaster.

Clerk of the circuit court, Lafayette county, was next sworn by the State. He was at Bell on the day of the killing, and was one of the first to reach the body of Maxey Scofield after he was shot by Wm. Thomas. Mr. Lancaster's testimony was along the same line of the other two witnesses, except that he said Scofield was very boistrous and threatening, and that when he reached the body the pistol was about a foot or eighteen inches from it, instead of protruding from the pocket of the dead man.

Evidence Struck.

Miss Alice Starling was called to the stand by the State. Solicitor Rivers asked her if she had heard Thomas make any threat against Scofield prior to the killing. Defendant's counsel objected, but objection was overruled and exception noted. Miss Starling then said that about three weeks before the killing she heard Thomas say he expected there might be trouble between him and Scofield. Defendant's counsel then moved to strike the testimony of this witness, on the ground that it was too vague. Judge Wills granted the motion without further argument, and Miss Starling was excused.

M. T. Waters

Testified that he reached the body of Scofield from three to ten minutes after the shooting, being about seventy-five yards from the scene of the killing. He found Scofield flat on his back, his arms outstretched and pistol protruding from pocket. Several people were around the body when he arrived. He was constable of the district and had been sent for by the defendant.

Justice of Peace Testifies.

S. O. Barron, justice of the peace for the Bell district, was sworn. He found the body of deceased in same position as Constable Waters said he found it, also the pistol.

Justice Barron said he did not know whether defendant had sent for him or not, that Constable Waters asked him to go along. Thomas said to him that he was not trying to get away and wanted the matter settled at once.

The State Rests.

At this point Solicitor Rivers held an exceedingly brief consultation with his assistant, Col. C. Matheson, and announced that "the State rests."

Judge Syd L. Carter then stated to the court that he desired a few moments in which to consult with his associates, Congressman Frank Clark, Col. B. A. Thrasher and Col. Evans Haile, which was granted and the attorneys retired with their client to one of the ante rooms.

Upon returning from their consultation counsel for defense called

Herbert Whitefield

As their first witness, who testified that he resided at Bell on the day of the killing of Scofield by Thomas. Witness was at his grandmother's, in plain view of defendant's house, when the tragedy occurred. He could hear the conversation between Thomas and Scofield, but could not hear all that was said. He saw Maxey Scofield standing near Thomas' gate and saw him with his right hand on his pistol at different times during the conversation; deceased was waving his left hand at times in a gesticulating manner. He never pulled the pistol entirely out of his pocket at any time, but when Thomas fired he had it partly out. Witness said he had married a distant cousin of defendant.

John Miller

Was next called. He was on the porch of Thomas' house with defendant on the day of the killing. He was at work for Thomas and came upon the porch shortly after Scofield stopped at the gate. Scofield was using profane language and was angry; the only obstruction between witness and deceased was a picket fence. He saw Scofield with his right hand on his pistol, partly drawn from his pocket, his left hand resting upon the paling. Witness corroborated the other evidence as to the words about the ties; that Thomas told defendant to leave the place, etc.; that Scofield told Thomas to get his gun and get ready if he would not go home with him to go half way, and they would settle it. He was looking straight in Scofield's face when Thomas fired the shot. On cross examination witness could not say whether the pistol deceased had was a blue steel or bright one, but it was partly bright. When Scofield fell witness picked up his hatchet and went to postoffice. He did not go to where the body lay.

Marion Pipkins,

Was tolerably well acquainted with the deceased, Maxey Scofield. He saw him at the depot at Bell on the Sunday prior to his death. Witness and Scofield were talking about cross ties, when the latter told him there would be no future hereafter for Mr. Thomas after Monday, as he was going to kill the d—— ——. On cross examination witness said he did not tell Thomas of the threats until sometime after the killing, because he had not seen him. The conversation between witness and Scofield was brought about on account of some cross ties. He never had been tried for or convicted of any crime.

Threats Corroborated.

Oscar Whitefield testified to about the same thing regarding the threats Scofield made against Thomas on Sunday, the 23rd of September, as related by Pipkins, stating that Scofield said Thomas had accused him of stealing his ties and he was going to kill him, using very profane language. On cross examination witness said he had told Breck Thomas about the threats. He had had some trouble with Scofield eight or nine days before the killing, but held no malice against him and continued in his employ the same as if nothing had occurred between them. Pipkins and Parish were also present when Scofield made the threat.

At the conclusion of the afternoon session the court adjourned until 9 o'clock Wednesday morning.

TWO BURNED TO DEATH.

Mother and Daughter Cremated in a Fire at Savannah, Ga.

Savannah, Ga., June 18.—Mrs. Thomas Cook and her daughter, Miss Estelle Fountain, were burned to death Sunday morning in a fire that destroyed the home of N. A. Fountain, a son of Mrs. Cook. Mr. Fountain was injured by a fall from an upper story window, but will probably recover.

The house was located beyond the city limits, and the firemen did not go to render assistance. The flames had gained great headway when the occupants of the house were aroused.

Miss Fountain, it is said, had made her way from the house. Her modesty then forced her to run back for more clothing. She never reappeared. Fountain was groping his way through the smoke when he fell through the window.

MORGAN'S SUCCESSOR.

Alabama Governor, It Is Said, Will Name Mr. Bankhead.

Montgomery, Ala., June 18.—In a statement Governor B. B. Comer makes plain these four things:

He will name John H. Bankhead to the vacant senatorship.

He regards the instruction of the primary with regard to the alternate senatorship binding only upon the executive to appoint until a meeting of the legislature, and not in any sense of the word binding upon the members of the legislature.

In case of failure of the legislature to elect or provide for a primary to make selections, he will ask the authority of the party to order a primary that the people may in this way express choice of a man to succeed Senator Morgan.

BEGGARS BESIEGING MISS HELEN GOULD

Rich New York Lady Is Overwhelmed With Requests.

WEALTH HAS ITS DRAWBACKS.

Within a Week She Has Been Asked for Gifts that In the Aggregate Would Amount to Over $2,000,000. Some Strange Requests.

New York, June 18.—According to a statement made public Monday, the requests for gifts sent to Miss Helen Gould, aggregate nearly $2,000,000 a week. They range all the way from the asking for $15 for a set of false teeth to $1,000,000 to start a colony in Cuba.

Miss Gould gives an itemized list of a week's requests recently to Mr. Franz Kalkenborn, the orchestra leader. A movement is on foot among the music-lovers of this city to make Mr. Kalkenborn's orchestra music a permanent feature in New York. For this, subscriptions from the wealthy Miss Gould was one of those consulted. She encouraged Mr. Kalkenborn but incidentally, cited the fact that this was not the only thing she was asked to encourage. Then, she gave him the list.

In the week referred to, Miss Gould received 231 requests for money outright. Of these, 199 left the amount to her good will and discretion. Miss Gould was asked in that week for $5,000,000 to help form an anti-saloon league in Idaho. She received 53 requests for aid to churches, 27 for educational institutions and 26 for libraries. More than 30 were for help for charitable institutions. Four persons, presumably young women, wanted Miss Gould to help them buy trousseaux. Eleven persons wanted pianos and twelve wanted Miss Gould to buy their inventions.

Epworth Leaguers Close Convention.

Macon, Ga., une 18.—The sixth annual convention of the Epworth League of the South Georgia conference came to an end Sunday evening after four days of busy, profitable and pleasant work. The two hundred delegates who have attended the league have enjoyed their visit to the Central City. Their fellow workers here have welcomed them, and have given every possible help to the work. That the work of the Epworth League in Georgia, and especially in south Georgia, has received a new impetus and enthusiasm there can be no doubt.

Small Hope for Bundrick.

Atlanta, June 18.—All indications point to the fact that George W. Bundrick will have to go to the gallows at Cordele next Friday for the murder of Farmer Shrouder. After the third hearing of the case Friday, it was stated that the members of the prison commission who twice declined Bundrick's application for commutation to life imprisonment, had not changed their minds, and would let their original report stand.

Beveridge Silent on Rumored Marriage

New York, June 18.—United States Senator Beveridge, of Indiana, who made a personal call on President Roosevelt, left Oyster Bay for New York on an early train Monday. Mr. Beveridge would neither affirm nor deny the report that he is to marry Miss Katherine Eddy, remarking that the reports were matters which no gentleman could deny. He said, however, that no one had any knowledge or right that would justify the publication of the report.

To Settle Boundary Question.

Bogota, Colombia, June 18.—The assembly, which has just closed its sessions, has adopted some important laws, chief of which were those which will settle questions concerning the boundaries between Colombia and Brazil and Ecuador. Under the administration of President Reyes, Columbia has made great progress. Civil wars have ended and foreign capital is seeking investment in mines and railroads.

JOINS METHODIST CHOIR.

Addition of Dr. Harry Pearce, Violinist, Adds a Great Deal.

The choir at the First Methodist church has always been a good one, but that organization has been recently improved by the addition of Dr. Harry L. Pearce, who has joined with his violin.

Dr. Pearce is a violinist of note, being a graduate in music. His work will be thoroughly appreciated in the church, and will add a great deal to the music.

Dr. Pearce's violin music has been heard and appreciated by the best musicians of this section of the State. His work is thorough, giving the best effect possible, and altogether there has been a general appreciation of his work here.

The addition of Dr. Pearce to the choir will have a tendency to increase the attendance at the First Methodist church.

BASE BALL TODAY.

White Springs and Gainesville Colored Teams to Cross Bats.

There will be a lively time at the ball park this afternoon, the occasion being a game between the famous Central City team of Gainesville and a picked team of the best colored players that can be found in White Springs.

The Central City team has been practicing for some time and are in the pink of condition. It has been said that the White Springs team have been "gathered from everywhere," hence it is needless to add that the team is a good one, and those who attend the game this afternoon may expect something of an interesting and exciting nature.

The game will be caleld at 3:30 o'clock.

A PAINFUL ACCIDENT.

Daughter of Mr. and Mrs. Larson Fell Down and Was Injured.

The three-year-old daughter of Mr. and Mrs. Larson had the misfortune Tuesday morning to fall from the steps on a broken cup, sustaining a serious wound on the forehead and temple.

This accident aroused and excited the household, naturally, with the suit that a physician was summoned.

Dr. Hodges answered the call and made a quick response. He sewed up the wound, taking several stitches, and at last accounts the patient was resting well.

The Pastors Write.

An Open Letter to The People of Gainesville: Dear Brethren — The truest test of Christianity is its practical helpfulness and there is one important oppportunity to be helpful that we, as your patrons, wish to bring to your attention this morning.

Through the thoughtlessness or negligence of the Christian people of this community our storekeepers and their clerks are compelled to work to unreasonable hours Saturday night, and in consequence are habitually deprived of their just share of the blessings and opportunities of the Lord's Day, since they are in no physical condition either to receive the spiritual benefits of public worship or to render active and efficient service in the Master's vineyard.

You, the church people of this city, are the purchasing public that has created this deplorable condition, yet we know that you have not done it of deliberate purpose or with clear understanding, but that in your hearts you desire to help your brothers and to enlarge rather than to contract their spiritual opportunities.

To this end we beg your hearty practical co-operation in an effort now being made to render possible the closing of all stores at 10 o'clock Saturday night.

We suggest the conscientious observance of these two simple rules:

First—That we all use such forethought in purchasing staple supplies as to minimize as far as possible the Saturday rush of trade.

Second—To refrain from sending in later than six o'clock Saturday evening any orders for goods to be delivered Saturday night. When belated purchases are necessary, try to buy in person and carry your packages to your homes.

We ask these things feeling sure you will gladly help this movement for the relief of a condition that has become more serious and burdensome than the public is aware, and which calls loudly for the exercise of practical Christianity.

Trusting confidently and devoutly this appeal will meet a prompt and generous response from you, we subscribe ourselves

Faithfully your friends and fellow servants,

FATHER'S HOPE ABANDONED.

No Clew to Whereabout of Kidnaped Italian Boy.

New Orleans, La., June 18.—Hope of finding the kidnaped Italian boy, Walter Lamana, was about given up Sunday.

The trip of detectives to the Louisiana "lower coast" islands produced no trace whatever of the child. During the eight days' search which have elapsed since the kidnaping, the boy's father has spent very nearly one-sixth of the $6,000 ransom money demanded in running down clews.

Special trains have been the biggest item in this expense.

No threats of violence have followed Saturday night's daring attempt to kidnap a child of Police Captain Capo, in charge of the Italian quarter of New Orleans. Italian excitement appears to have subsided very much.

Delay in Federal Building.

Gainesville, Ga., June 18.—An endeavor has been made to find the cause of the delay in beginning the construction of the government building in Gainesville, an appropriation of $50,000 for which was made at the last session of congress. The working drawings for the Gainesville postoffice were taken up on April 19th last. These drawings proceeded to a certain point, where a tentative sketch showing the proposed arrangement of the building was referred to the postmistress at Gainesville, who strongly objected thereto and requested changes. It is understood that Mrs. Longstreet intends to go to Washington soon to have a conference with the supervising architect.

Methodist Bishops Take Atlanta.

Atlanta, June 18.—The entire Episcopal college of the Methodist Episcopal church, South, was monopolized by Atlanta Sunday, the occasion of the presence of the seven bishops of the church being the launching of the Wesley Memorial enterprises. Bishop Charles B. Galloway, at Trinity; Bishop H. C. Morrison, at First church; Bishop Seth Ward, at Park street; Bishop James Atkins, at Walker street; Bishop E. R. Hendrix, at St. Mark's; Bishop Warren A. Candler at Grace, and Bishop J. S. Key, at Wesley Memorial, were the chief pulpit attractions of the day.

WANTS LARGE SLICE OF SMITH'S ESTATE

Woman Claims to Be Daughter by a Former Marriage.

WANTS OVER EIGHT MILLIONS

Mrs. DuFreche Has Engaged Counsel and Will File Claim Against "Silent" Smith's Big Estate for a Large Part.

New York, June 18.—The American today published a story to the effect that a claim for eight and one-third millions of dollars is to be filed against the estate of the late James Henry Smith, in behalf of Mrs. Sigsen DuFreche, who will claim she is a daughter of Smith by an early marriage.

William T. Houston, one of the lawyers mentioned in connection with the proposed suit, is quoted as follows:

"I am most firmly convinced that this woman is honest and sincere in her action. Her character is of the highest, and she made a thorough investigation of her mother's marriage and history before she retained counsel.

"Mrs. DuFreche says she is certain that "Silent" Smith was her father and her proofs look very good. Of course, there is a chance of mistaken identity. If it proves such—and this will show you the sincerity of all concerned—Mrs. DuFreche and we of her counsel will drop it. However, I do not think it will."

Mrs. DuFreche's mother was Ellen Garden, and her marriage to Smith is said to have taken place in 1866. Mrs. DuFreche's mother died about seventeen years ago.

Concentrated efforts by the authorities of the towns along the sound have hitherto always failed to catch the pirates. Another effort is to be made.

Bishop Ward presided over the meeting.

Florida Druggists Meet.

Atlantic Beach, Fla., June 18.—The fourth annual convention of the Florida State Pharmaceutical association was held at the Continental hotel, Atlantic Beach, Fla., on the 12th and 13th. The entertainment committee, consisting of Jacksonville druggists, together with the auxiliary committee of ladies, made the eeting exceedingly successful and enjoyable. At the first day's session, Wednesday morning, the address of welcome was delivered by the mayor of Jacksonville, which was responded to by the president of the association. At the afternoon session, Dr. George F. Payne, of Atlanta, addressed the meeting on timely topics of interest to druggists.

Editor Graves Visits Oyster Bay.

Oyster Bay, June 18.—John Temple Graves, the Georgia editor, reached Oyster Bay Saturday and went at once to Sagamore Hill, where he was in conference with the president for nearly two hours. While the visit was designated as a purely personal one, it is understood that many things political in Georgia were touched upon. "I am a Democrat," said Mr. Graves at the station, "but I am also an ardent admirer of President Roosevelt, and as I was in this neck of the woods, the president has done me the honor to invite me to call upon him." Mr. Graves said he had thanked the president for his part in making Georgia day a success at the Jamestown exposition.

5,000 at Temperance Rally.

Cartersville, Ga., June 18.—One of the most remarkable temperance gatherings ever witnessed in Bartow county was held Sunday in the Sam Jones tabernacle at this place. Five thousand of the representative citizens of the county were present to hear addresses delivered by Judge S. A. Roddenberry of Thomasville; Judge John W. Aiken, senator-elect, of Cartersville; Dr. and Mrs. W. H. Felton, of Bartow county.

A GAME OF POKER.

It Was an Object Lesson on Playing Cards With Strangers.

A card sharp well known to the stewards of the great ocean liners was a passenger on a recent trip across. He received a line at Queenstown, which had the effect of keeping him out of the large games in the smoking room. He contented himself with penuchle and bridge at 25 cents a hundred points. On the evening before landing one of his bridge party, none of whom knew that he was a professional with a bad record, proposed changing the game to poker. "It's bad practice," said the card sharp, "to play poker with strangers. There's too much risk, but it's all right in this case." The others said there was no risk if a man had good sense and kept his eyes open. The deal fell to the professional, and when cards had been drawn by each man he said: "Now I'll show you how much you know. Mr. A, you have the winning hand. Mr. B, your three queens look good, but what show have they against Mr. C's four fives? And what good are they against A's four kings? Does it tally?"

It did, and A said, "Well, it's my pot."

"I was afraid that might happen, so I dealt myself a straight flush." He showed it, arose from his chair and said: "Give the steward what I put in. This was an object lesson—don't play poker with strangers."—New York Tribune.

The Barbecue.

The word "barbecue" is derived from the Spanish word "barbacao" and is a native Haitian term for a wooden framework supporting meat or fish to be smoked or dried over a fire. In its popular sense it means a large social or political entertainment in the open air at which sheep or oxen are roasted whole and all the feasting is on a most liberal scale. Georgia is probably the native home of the barbecue and is called the Barbecue State. Who prepared the first barbecue is unknown. Deer, bear and other game constituted the meat roasted in the barbecues of fifty years ago.—Cincinnati Enquirer.

The Butcher's Smock.

The butcher's smock was blue. It looked much neater than the white smocks of his friends, all smeared with dried blood. "Every butcher," said the man, "ought to wear a blue smock. Why? Because dry blood won't show on it. Dry blood turns bluish, and on a smock of this color it is invisible. I am descended from a long line of butchers, and from father to son the word has been passed down always to wear, for neatness' sake, a smock of blue."—New Orleans Times-Democrat.

Croutons.

To cut bread into dice before frying, if it is to be used as croutons, is not the most approved method. When done in this way it becomes very hard and indigestible. The bread should rather be cut into thin slices and then stamped out in circles a little larger than a quarter or cut into squares of about the same size or in oblongs two inches long and over one-half inch thick. These tossed into hot lard and taken out almost instantly in the frying basket are the most palatable.

Cannae.

Cannae, where Hannibal won his greatest victory over the Romans, is situated on the opposite side of the peninsula from the city of Rome, on the river Aufidus and about six miles from its mouth. It was from this battlefield that Hannibal sent to Carthage three bushels of gold rings from the fingers of the Roman knights slain in the battle. Cannae is about 200 miles from Rome.

The Worm Turned.

"Am I to understand, then," asked a disappointed poet as the editor handed back his latest productions, "that you do not like my verses?"

"Yes; I don't think much"—

"Ah, you don't think! I see—that explains it."

COTTON CROP 30 DAYS LATE.

Conditions of the Plant in Mississippi and Louisiana.

New Orleans, June 18.—The Picayune's weekly cotton crop report says:

"With vigorous treatment during the last two months of warm, fair weather, the cotton plant has improved from 35 to 50 per cent where properly tilled, according to reports from correspondents covering the whole of Louisiana and the southern half of Mississippi.

With another week of fair weather practically all grass will be killed and new cotton chopped out. The old crop is necessarily delicate and a little drwarfed, and the plant, because of unprecedented conditions, was left spindling and weak. The crop is still from 30 to 40 days behind last year, notwithstanding every energy has been concentrated in the field to ridding the plants of weeds and grass.

In some sections it was impossible to obtain satisfactory results, even with improved implement and experienced labor, rank vegetation resisting every effort

Fight Occurred Over Whisky—Parties Were Prominent.

All parties are prominent in the mountain families of Estell county.

Three Hundredth Anniversary.

Atlanta, June 18.—The Episcopalians of Atlanta Sunday fittingly commemorated the three hundredth anniversary of the establishment of English Christianity in North America. At the morning service in all the churches holy communion was celebrated, and at night there was a great union meeting at St. Philips cathedral in the interest of the thank-offering to be made by the men of the church as an expression of their gratitude for the blessings which three hundred years of the Christianity established by the English colonists at Jamestown in 1607 has brought to North America.

Bodies Still in Ocean.

Washington, June 18.—The navy department has received a dispatch from Admiral Evans, in command of the fleet in Hampton Roads, stating that the search for the bodies of the six midshipmen and four sailors who, with the fireman, whose body has since been recovered, were drowned by the sinking of the Minnesota's little launch last week, was continued Sunday without success. Dragging of the harbor, the dispatch said, would be continued.

REFUSED NEW TRIAL

Schmitz Case May Be Taken to United States Supreme Court.

San Francisco, June 18.—The attorneys for Mayor Schmitz, now in jail, awaiting sentence for extortion, of which he has been convicted, announce their determination to take his case to the United States supreme court, if Judge Dunne overrules their motion for a new trial on June 27, and the appellate court makes a similar denial.

J. C. Campbell, of counsel for Mr. Schmitz, said Monday:

"It is hardly to be expected that Judge Dunne will grant our motion for a new trial, but his refusal will not put an end to our activities. We will appeal to the supreme court of the state, and to the highest tribunal at Washington, if necessary."

Harriman is getting tired of being "it" in the national tag game.

So the "Big Stick" is not the only weapon the President carries.

Mr. Bryan is a firm believer in the idea of "one term for every man." And no more.

The annual robbery of Americans is proceeding gayly on the other side of the Big Pond.

Secretary Taft is smiling on his Western trip as if he were riding on the "Presidential special."

It's hard to live up to a big reputation. An office boy caught Andrew Carnegie without a single library in his pocket.

Attorney-General Jackson of New York decides that the oyster is a "wild animal." Be careful and never face an oyster unless you are armed.

The New York Journal of Commerce thinks there is a "dangerous inflation of bank currency," yet all the national banks favor the issue of more bonds.

The whole country is, of course, observing the fact that Pennsylvania is making a noise like a State that intends to be right in the next Presidential campaign.

The planet Mars will come nearer the earth this summer than ever before. And with Teddy in the White House we may have a war with one of the neighbors yet.

The endorsement of United States Senator Knox by the Republican State convention of Pennsylvania means that the standpatters are going to fight Secretary Taft or anyone else that favors tariff reform.

Governor Hoke Smith of Georgia has declined an offer to go on the Chautauqua circuit for a series of lectures. Slowly, but surely, the country is awakening to the full measure of Mr. Smith's splendid patriotism.

Texas is giving out the story of a cyclone that picked up a letter and delivered it to the party to whom it was addressed twenty-five miles away. It begins to look as if the members of Roosevelt's Ananias Club are mere amateurs.

Secretary Taft has stirred up a hornet's nest in Kansas on the question of free sugar from the Philippines, which the beet growers there declare would injure that industry in Western Kansas. Why, then, did Kansas vote for free sugar from Hawaii?

Who shall the Southerner be? asks The Memphis Commercial-Appeal in an article supporting the proposition for a candidate for the Democratic nomination for President. It then answers the question by proposing Gen. Lake E. Wright, who, it declares, is the only Democrat who has by sheer ability and force of character compelled recognition from a stalwart Republican administration.

THOSE EXAMINATION BLANKS.

Ocala Star: Nearly everyone has heard of the sensation created when a shipment of examination blanks, for the 1907 examinations, sent by express from the State superintendent's office at Tallahassee to Starke, were stolen and not only used but many more printed from them. These blanks were sold in Tallahassee, Ocala and other points at prices ranging from $15 to $20 per set, among the colored applicants for schools, and by the way, it is supposed that colored people did the stealing and selling of the blanks. Prof. Carn and Prof. Workman, who was assisting him in the examination of the thirty-nine colored applicants for school certificates, became very suspicious when a number of the applicants made from 90 up in the grades, and most of them nearly a hundred in arithmetic, in fact a good many of them made nearly a hundred in all of the studies that they had been examined in up to the time Professors Carn and Workman began to grow suspicious. Prof. Carn quietly passed out to the applicants a set of last year's blanks on grammar, erasing the date, and says it was a circus to see the facial expressions on a great many of the would-be teachers. They were stalled, could not do a thing. They scratched their heads, looked about, grinned, tittered, leaned over and asked questions. They knew, like the soldiers in the charge of the light brigade, that someone had blundered. The grades made averaged 20. Some of the teachers, those who had evidently not bought the question blanks, plodded right ahead with the last year's blanks, never suspecting that anything was wrong, and made fair grades. Of course the applications for teacher's certificates will have to be refused, at least to all whom it is suspected had the stolen blanks. There must have been at least twenty-five supplied with these blanks, and out of the thirty-nine applicants not over ten or twelve will pass or receive certificates to teach. There were only three men and thirty-six women. Several of these acknowledged to Prof. Carn that they knew of others who had the stolen blanks, but none have yet acknowledged that he or she had them, neither has he been able to persuade any one to tell him from whom they were purchased, though a reward has been offered and the perpetrator will be found sooner or later.

They are still bringing out candidates for Governor in all parts of the State, and the list is now almost as long as one of our Australian ballots. It is light and harmless hot weather amusement which puts no tax upon the gray matter and the game is limited only by the white male adult population of the State. In consequence there will be plenty of material for editorial filling during the long summer ahead when thinking is loathsome work and the able editor is eagerly reaching for themes that don't require any of that kind of toil. But there are enough gubernatorial candidates already mentioned to keep the voters of Florida on the jump from now until the primaries dodging their importunities, and it is no kindness to the dear people to enlarge the list. What any man wants to be governor for, anyhow, is more than we can understand. He's in turmoil and hot water and hard work from start to finish and when he gets through he's no nearer the U. S. Senate than when he started, for he has made a crop of enemies he didn't have to start with, who can be relied on to do all in thier power to defeat his senatorial ambition.—Live Oak Democrat.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

We do not know who will be the next Governor of Florida. But we know who should be Governor, and that is, a man of brains; one who does not belong to any political faction; a man who has no friends to reward, and no enemies to punish; a man big enough and patriotic enough to lose sight of all things save the good of the State. When we find out who that man is, we are for him.—Quincy Times. If The Sun is not badly mistaken just such a man resides in the town of Quincy, and his name is JAMES E. BROOME. His course during the last session of the Legislature was that of the very man pictured by The Times, and should he enter the race for Governor the truth of this assertion can be easily demonstrated by the Senate journal.

The issue between the Republican and the Democratic parties, as seen by The Richmond News Leader, is one of centralization against State rights, and further declares: "On that issue the South is in a position to lead, and Virginia, by tradition and the trial of conclusions she has ever made since the resolutions of 1898-99, is entitled to take the forefront in the fight. We urge that in the next national grand council of the party she once more assume leadership. If in the exigencies of the case it shall be conceded best for one of her sons to head the national ticket, so be it." The editor, no doubt, refers to Senator Daniel.

Col. Sidney Caesar Tapp, editor of The American Republic, published in Atlanta, has "worked" the newspapers for a great deal of free advertising recently. Following is the caption of The Journal's latest write up of this former citizen of Gainesville: "Tapp Weareth No Man's Collar—Not Even His Own—Editor of The American Republic Completes a Simple Toilet, Scorning to Wear a Collar—Many Letters Are Received Commending Him for His Courage and Patriotism."

The Norfolk Landmark would view the third renomination of Mr. Bryan as a disaster, and asks: "Why should the South acquiesce in his nomination again, when the South sees in such a policy nothing but defeat?" The Landmark should remember that a Southern candidate—Senator Daniel, for instance—has no certainty of being elected.

The Farmers' Union is rapidly displacing the Southern Cotton Association. It is claimed that the latter organization is composed of too many persons who are not interested in maintaining a fair price for the fleecy staple.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY ....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

.....THE PLAN IN OUTLINE.....

A HANDSOME NICKEL POCKET SAVINGS BANK and an order on

PHIFER BROS., BANKERS

Good for an additional 25 cents when a deposit of one dollar or more in cash is made, will be given to everyone who avail themselves of this opportunity. Make an investigation and you will never regret it.

POSSE WITH DOGS SEEK MAN.

North Carolinan Shoots Brother-in-Law from Ambush.

Charlotte, N. C., June 18.—All day Sunday a posse with bloodhounds were in pursuit of Edward Ashby, who, it is alleged, shot and killed his brother-in-law, Dan Overcash, near Kannapolis, just over the Cabaarus county line, but so far Ashby has made good his escape.

There is considerable mystery surrounding the trouble, the difference between the two being of a domestic nature.

Sunday, it is said, Ashby went to the home of Reese Pethel and accused Pethel's wife of improper conduct with Overcash, saying he would prove accusation, if Pethel would go with him. Instead, Pethel and his wife decided to settle the matter by an interview with Overcash.

Instead of stopping where the conference had been agreed upon, the Pethels took Overcash beyond to the ambush and killed Overcash on the spot.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

Report on Balloon Voyage Favorable.

Washington, June 18.—Charles W. Chandler, of the signal corps, has submitted to the chief signal officer of the army a brief report of his voyage in the army balloon which he made with two other perrons on June 4 from this city to Harrisburg, Pa. The report was favorable and the balloon was accepted by the war department, as heretofore stated. The signal officer may take up the matter of the purchase of additional balloons.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

Wireless Apparatus Satisfactory.

Washington, June 18.—A report received by the chief signal officers of the army regarding the testing of the wireless telegraph apparatus installed on the transport Thomas shows that the apparatus worked very satisfactorily. Communication was established with the coast when the vessel was 700 miles from the seacoast. Similar services are to be put on the transports Logan, Sherman and Sheridan.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

Florida Farmer Takes His Life.

Geneva, Ala., June 18.—Bud Davis, a well to do farmer, who lived just over the Florida line, killed himself with a shot gun. He leaves a wife and five children. No cause for the deed is given.

Colic and Diarrhoea.

Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

JUDGE MASON'S COURT.

Two Interesting Cases Tried Before That Tribunal Monday.

There was an interesting session of Judge Mason's court Monday, being two cases which will prove of unusual interest to this section.

The first case called was that of J. A. Maultsby vs. L. M. McKinney, charged with assumpsit, a verdict having been given to the plaintiff in the sum of $61, the original amount sued for being $100.

The second trial was that of H. A. Perkins vs. M. A. Densler and J. D. Siford, replevin for a horse. The judgment was returned by the jury for the sum of $75.

John G. White, the jeweler of Newberry, was in the city yesterday. Mr. White also owned the Commercial Hotel at Newberry, which was destroyed by fire in the conflagration a few weeks ago. He expects to rebuild the hotel in a short time. He has about completed a cottage in the rear of the lot formerly occupied by the hotel, which will be occupied by himself and family.

The Malsby Machinery Company, 22 Ocean street, Jacksonville, have a change of advertisement in this issue to which attention of those interested is invited. The firm carries a complete line of everything in the machinery line, and would be pleased to quote prices.

James McCredie, one of the oldest and best citizens of Micanopy, was in town yesterday on business connected with the circuit court, having been summoned as a juror, but was excused on account of his age. He has done his share of this work and has done it well.

H. F. Sanchez has returned from Dunnellon, where he has been for the past few months. Mr. Sanchez has decided to make his future home here, and will engage in the grocery and market business with his father, J. R. Sanchez. The new firm will be located on West Union street.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

How People Save Their Money.

By depositing it in a good, reliable bank. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.
